Dear James:

It was a pleasure to have an opportunity to speak with the American Society of Civil Engineers on December 8th.

I want to thank you and Kimberly Cornett for inviting me to speak and for the generous donation of \$400.00 to the American Red Cross for Hurricane Ike relief. I am especially grateful to you and Sam for entertaining our request earlier this year. It worked out very well and I know Eric was very pleased as well with the positive reception.

I look forward to further opportunities to work with the civil engineering community in the future; if any of your members want to follow up on the suggestions Eric or me made for continued involvement, please let us know.

Again, thanks for the opportunity to share Red Cross and Food Bank missions. I wish you and yours a very Happy Holidays and a most prosperous New Year.

Sincerely,

Michael Bennett
Chief Executive Officer
