

Information/Description of the show

Total CAD Systems, Inc., an Autodesk Premier Solution Provider, is pleased to host Texas's biggest multi-city GIS event. With a heavy focus on infrastructure design, our "TEXASpatial Roadshow" will introduce you to the latest Autodesk geospatial software and highlight how to dramatically improve performance and simplify the exchange of information between Engineering and GIS. Whether you work for an engineering firm or utility company, a municipal public works or transportation organization; this event will introduce you to new concepts using familiar technology that will fundamentally change the way you create, manage and maintain land-based asset data.

Agenda

8:00-9:00	Registration / Continental Breakfast
9:00-9:15	Welcome
9:15: 10:00	Industry Overview / Autodesk Value Chain
10:00-10:15	Break
