Facilitator: John Geddie, President, Geddie & Associates. Geddie is the lead trainer and facilitator for the firm's High-Potential Leadership Program. He also provides market research services, focusing on analysis of new markets and services, competitive intelligence and trend identification as part of the strategic planning process, and has presented his material across the nation to private and public entities. Geddie regularly leads training programs for state and national associations and has worked with many area and state firms and agencies. He holds an MBA from the University of New Mexico's Anderson Schools of Management.
