<b>Company/Agency:</b>	<b>Location:</b>
HDR, Inc.	San Antonio, TX
<b>Requirements:</b>	
<ul style="list-style-type: none"> <li>- Bachelors degree in a related field.</li> <li>- Master of Science in Water Resources preferred.</li> <li>- Professional registration or license.</li> <li>- 10+ years management experience.</li> <li>- Strong communication and listening skills.</li> <li>- Ability to handle multiple assignments.</li> <li>- Good leadership and organizational skills.</li> </ul>	
<b>Description:</b>	
<p>HDR is an employee-owned architectural, engineering, planning and consulting firm that excels at helping clients manage complex projects and make sound decisions. Approximately 7,400 professionals, including architects, engineers, consultants, scientists, planners and construction managers, in more than 165 locations worldwide, pool their strengths to provide solutions beyond the scope of traditional A/E/C firms.</p> <p><b>Description:</b> The primary duties of the Section Manager/Team Leader includes responsibility for operations of a production section (Water Resources, including staff development, profitability, morale, quality control and marketing support). Will function as a senior project manager and senior technical lead on selected projects in addition to management responsibilities. Will be administratively responsible for the section staff and technical service functions and will lead and coordinate services with other sections. Will be directly involved in marketing planning, proposals and interviews. Be directly involved with industrial and public clients in marketing, project production and related issues. See that all work is planned, organized, controlled and evaluated through a pro-active project management system. Implement, monitor and support company policy. Select, train, develop and manage technical personnel. Work closely with Department Manager and Marketing Manager to develop and implement short and long range operational and marketing strategies for the Water Resources program. Experience in the management and development of multi-discipline teams. Work cooperatively with National Directors and marketing in local, state and national marketing and production efforts.</p>
