

Alpha Terra Engineering, Inc.

For a better tomorrow

Immediate openings for several Civil / mechanical / electrical engineers for work in on a government contract. I'd like to stay local, but may consider someone from out of the area. Experience level up to 10 years. 4 year engineering or related field degree preferred and substantial travel, up to 50% worldwide. Should have construction management / facility assessment experience. Military civil engineering experience a definite plus. Project is currently a one year job. Bonus potential up to 20% of base wages.

Please contact me immediately.
